Investment Objective/Policy	
<p>Objective</p> <p>Seeks to increase the value of your investment over the recommended holding period</p> <p>Investments</p> <p>Investments</p> <p>The sub-fund invests mainly in a broad range of equities of mid-cap companies that are based in, or do most of their business in, the U.S.A. The Sub-Fund may invest up to 25% of its assets, at the time of purchase, in securities of non-U.S. companies.</p> <p>The sub-fund defines mid cap companies as those that, at the time of purchase, are within the market capitalization range of the Russell Midcap Value Index (with the upper end of that range definable either as its current value or its average value for the prior 3-year period). The Sub-Fund may invest up to 10% of its assets in other UCIs and UCITS.</p> <p>Benchmark</p> <p>The Sub-Fund is actively managed by reference to and seeks to outperform (after applicable fees) the Russell Mid Cap Value Index (the "Benchmark") over the recommended holding period. The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will invest in issuers not included in the Benchmark. The Sub-fund monitors risk exposure in relation to the Benchmark and the extent of deviation from the Benchmark is expected to be material. Further, the Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.</p> <p>Derivatives</p> <p>The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on equities).</p>

The investment manager identifies investment opportunities that are aligned with the aim of generating alpha by focusing on inclusion of companies that will be strong ESG improvers in the future, while also investing in companies that are currently ESG winners in their sectors.</p> <p>When analysing ESG score against the Benchmark, the Sub-Fund is compared with the ESG score of its Benchmark after 20% of the lowest ESG rated securities have been excluded from the Benchmark.</p>
